JS-1400 PWC LIFT

GOLDEN JS-1400: The Finest Personal Watercraft Lifts on the Market

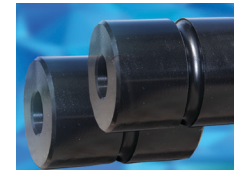

The Golden JS-1400 is the perfect Personal Watercraft (PWC) lift for the minimalist or for locations that lack electrical hookups. This lift has a 1,400 lb capacity with a compact footprint and utilizes a stainless steel self-braking manual winch that is very easy for any user to operate. It is crafted using aluminum and stainless steel components making it very lightweight and durable, at an affordable price point.

FEATURES

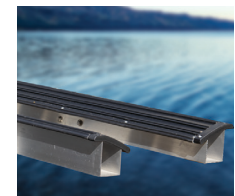

- Compact design to save dock space
- Low maintenance
- Reinforced carriage for max load stability
- Manual winch operation - no shore power required
