BOAT LIFTS

**TORNADO<sup>®</sup> BOAT LIFT**

## TORNADO® BOAT LIFT: Shore, It's No Problem!

One of the most versatile in the Golden lineup is the Tornado® lift. The Tornado® lift is an adjustable, free-standing hydraulic, and solar-powered lift that is ideal for seasonal removal applications. It is designed for fresh water or where shore power is unavailable and a permanent lift cannot be installed. The Tornado® lift is manufactured like all our series of lifts in 6061-T6 marine grade aluminum and 300 series stainless hardware. This lift uses only eco-friendly, biodegradable hydraulic fluid that is completely 100% water-soluble and meets the strict guidelines of the U.S. Fish & Wildlife Service as non-toxic and environmentally safe. The Tornado® lift also features a patented air-bellow with air-lines on the hydraulic cylinders that prevent any harmful particles and marine growth from damaging the hydraulic shaft and seals. The lift's bunking system is entirely customizable for v-bottom, pontoon, tri-toon, and sailboats. Many of our standard add-on accessories are available for the Tornado® lift, as well as walkways and guide poles.

### FEATURES

- 6061-T6 marine grade aluminum, 300 Series stainless steel hardware & stainless steel hardened axel pins with nyatron sleeves
- Adjustable travel range from 6' to 4'
- Standard aluminum rubber capped bunks & multiple bunking options
- Optional stainless steel cylinders
- Patented air bellows & air-lines on all the hydraulic cylinders
- Fully welded aluminum construction on all non-adjustable parts & oversized material to prevent flex & wear
- Optional accessories for helping boat entry onto lift & walkways for ease of maintenance
- Wireless remote system
- Solar powered (batteries not included)
- Optional trickle charge with 110 plug outlet built into dock box
- Eco-friendly biodegradable hydraulic fluid

Air Bellow Patent: #10,520,083  
Multi-Bunk Patent: #10,518,852

### CAPACITIES

- |              |               |               |
|--------------|---------------|---------------|
| • 2,000 lbs. | • 8,000 lbs.  | • 15,000 lbs. |
| • 4,500 lbs. | • 10,000 lbs. | • 18,000 lbs. |
| • 6,000 lbs. | • 12,000 lbs. | • 24,000 lbs. |
