3K SINGLE TRACK ELEVATOR LIFT

3K SINGLE TRACK ELEVATOR LIFT: The Finest PWC on the Market

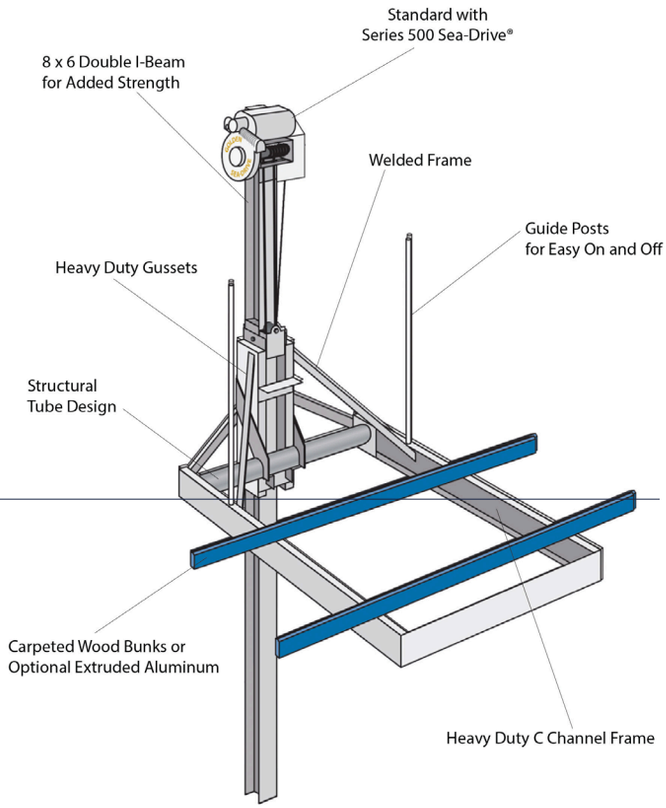

Our 3,000 lb Single Track Elevator is a popular choice for small vessels such as skiffs, tenders, inflatables, and other small crafts under 17′ long and less than 7′ beam. It can also be a great option for kayaks, inflatables, or as a general swim platform when used with one of our decked platforms. Its small footprint makes it a great choice for narrow slips and tight spaces.

FEATURES

- Reinforced carriage and extruded double I-beam track for max load stability
- Maintenance free gear box
- Grooved cable winder

Cable Retention Bolt Patent: #6,719,241
Sea-Drive® Patent: #7,850,147

LIFT INCLUDES

- Series 500 Sea-Drive®
- 20′ Aluminum track beam
- Carpeted wood bunks (aluminum optional)
