Explore
Invisilift®

Anti-Cable Shear Plate Patent: #10,189,685
Cable Retention Bolt Patent: #6,719,241
Sea-Drive® Patent: #7,850,147

- Manufactured from 6061-T6 Marine Grade Aluminum to ensure longevity in both Salt & Fresh water conditions.
- All Sea-Drive® Invisilifts® are equipped with 12 heavy duty nylon wheels with equalizer brackets for added stability vs. 6 wheels with no equalizers
- The Sea-Drive® carries a 10-year warranty and boasts an amazing 8,000-inch pounds of torque, allowing us to use a 3.5" dia. winder vs. a 2.375".
- All Invisilifts are equipped with sacrificial anodes to help prevent electrolysis.
- Drive mounts are box constructed to cover the cut I-Beam Track.
- 3.5" dia. Solid grooved aluminum winders to resist corrosion.
- Multiple bunk options available.
- All lifts are CE approved.
